

250E AUTO-BOTTOM ERECTOR

On-demand Erection of Auto-Locking Bottom Cartons (up to 25 cartons per minute)

The **250CE AUTO-BOTTOM CARTON ERECTOR** is a simple automation solution for the erection of pre-glued auto-locking cartons (cardboard or corrugate). Operating on-demand the **250CE** will secure a single carton from its side mounted storage magazine, erect and lock the bottom and then deposit the finished box on the standard powered discharge. This heavy duty system can operate independently or as integrated in to a fully automatic line delivering up to 30 cartons per minute.
